## Program of RobotX Days 2010

The program of the RobotX days, like in the past, will consist in presentations and discussions, this time mostly in a joint session with Eurobot Conference at the HSR (Friday 28, May), as well as in exhibition booths in Diner's Club Arena, all this with a significant interest in technical and scientific, as well as business and market oriented terms.

### Friday 28 May 2010, 13h30-16h30, Invited speakers of the industry/economy (joint session with Eurobot Conference; in HSR)

- Marc Nicole, Bobst Group, « *Robotics as a training for industry* »
- Rahman Jamal, National Instruments, « *Requirements and solutions in applied robotics* »
- Julien Tharin, K-Team, « *Robots for education, research and special systems* »
- Marc Duruy, Aldebaran Robotics, « *A humanoid for education and research* »
- Olivier Michel, Cyberbotics, « *Webots simulations and robot competitions* »
- Ulrich Karras, Festo, « *Robots for education and manufacturing* »

### Sunday 30 May, 14h (before finals), Highlight/show (joint event with Eurobot Conference; in Diner's Club Arena):

Rahman Jamal, National Instruments, « *Robotics for kids, engineers, and the economy* »

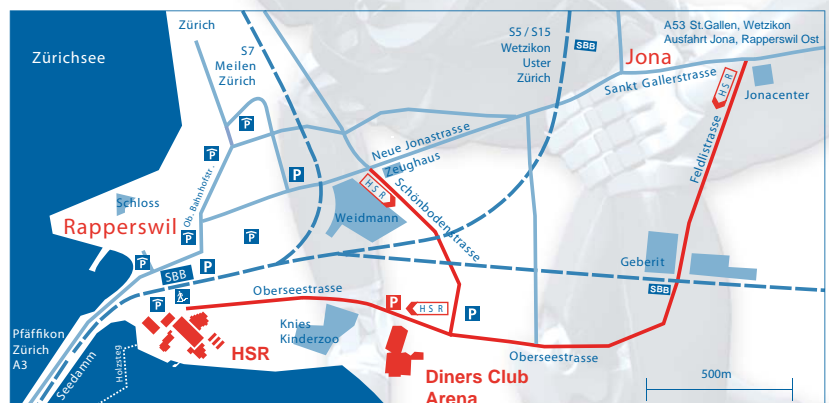

### Presentation booths and location:

Notice that the **presentations and conferences** will happen in **Hochschule Rapperswil (HSR)**, and the **presentation booths and the show** will be located at **Diner's Club Arena**.

Please refer also to Eurobot Competitions,  
Eurobot Conference, Workshops and other Robots:10 events!

HSR Hochschule für Technik Rapperswil  
Oberseestrasse 10  
8640 Rapperswil

HSR is adjacent to Rapperswil station
